Thomas M. Minnefor, MFA, MS
Adjunct Professor
DeVry University
North Brunswick Campus
630 U.S. Highway One
North Brunswick, NJ 08902

To Whom it May Concern,

I am privileged to write in support of Luke Rath. Luke was a student in the Digital Imaging Fundamentals course that I taught at DeVry University, during the May-June session in 2014.

The focus of this course is the use of digital imaging for web design. We explore concepts and techniques for editing, optimizing, and designing images for web-based delivery. Topics such as logo and layout design, compositing, color correction, special effects, and compression formats are also covered.

Throughout the course, Luke's talent, creativity, and energy allowed him to grow and develop as an artist and designer. In addition, Luke is a musician, and his work was informed by this broad creative background as he developed solutions to design problems. He was also able to intelligently discuss and articulate the rationale behind his designs during class discussions and project presentations.

I recommend Luke with great confidence. His talent, intelligence and drive will allow him to be an outstanding contributor to any design team.

Sincerely,

A handwritten signature in dark ink, reading "Thomas M Min". The signature is written in a cursive style with a horizontal line above the first few letters.

Thomas M. Minnefor MFA, MS
